Yes and agreed, I love that combination, the science and law is exactly what the manuscripts are tied to

Do you agree to go with the consistency, i.e., the IATA for both abstracts? I think he did a great job making my snippet of the TSCA look like a document!

Just some minor items, I would change the font style from what appears to be arial to something else, not sure what though. And, the starburst symbol on the MIE is partially covering the MIE letters. Otherwise, I really like them!
